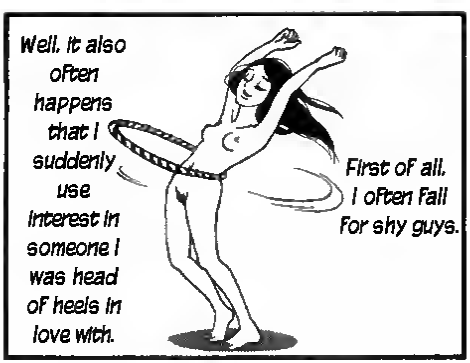
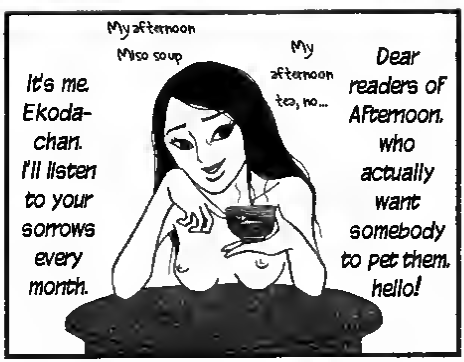
夜顔ノ巻 3

Moon Vine

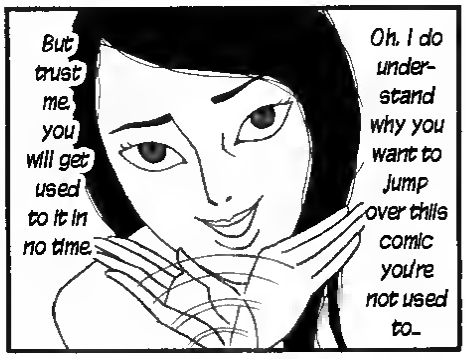


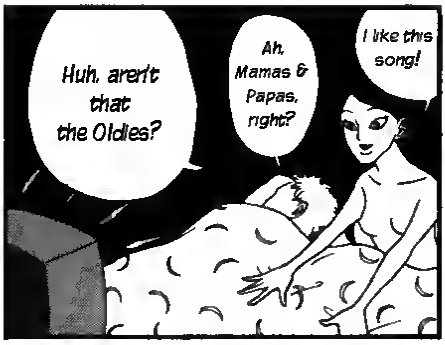
Well. It also often happens that I suddenly use interest in someone I was head of heels in love with.
First of all. I often fall for shy guys.



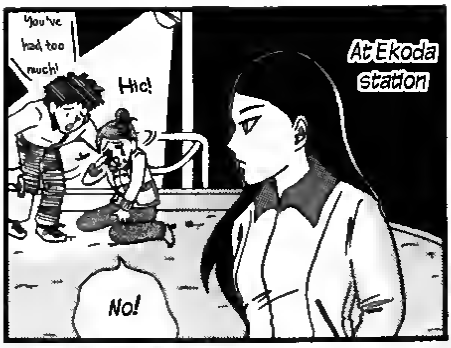
My afternoon Miso soup
My afternoon tea, no...
It's me. Ekoda-chan. I'll listen to your sorrows every month.
Dear readers of Afternoon. who actually want somebody to pet them. hello!

I use a flower stalk as a straw
Well. why are you wearing clothes?
But apart from that you want to know why I'm naked?
and drink the soup.



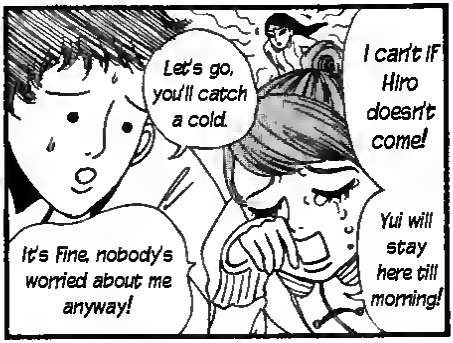


Huh, aren't that the Oldies?
Ah, Mamas & Papas, right?
I like this song!

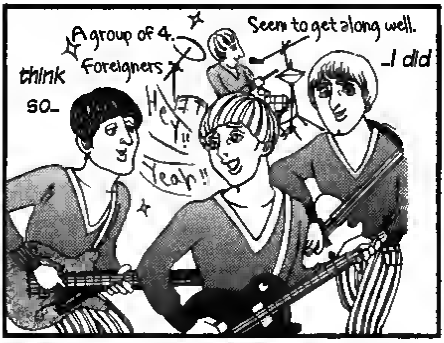


You've had too much!
Hic!
At Ekoda station
No!

Don't tell me you thought there actually was a band called "Oldies"?

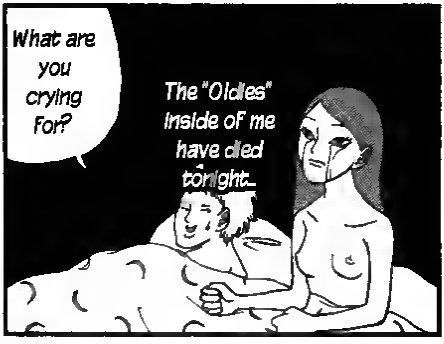


Let's go, you'll catch a cold.
I can't if Hiro doesn't come!
It's fine, nobody's worried about me anyway!
Yui will stay here till morning!

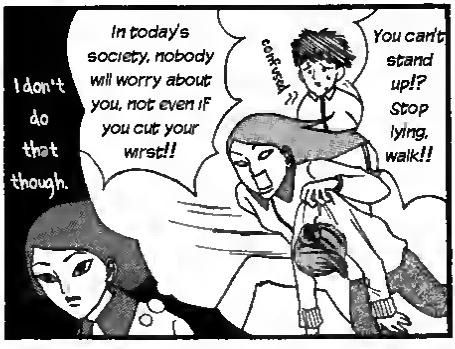


A group of 4. Foreigners
Seem to get along well.
I did
think so_
Hey!!
Yeah!!

Men are men, too!! Stop slugging around, bring it on and go home! Drop a bomb that will bring Hiro to shame!!
You stupid woman over there!! Stop pretending to be drunk to get sympathy!!

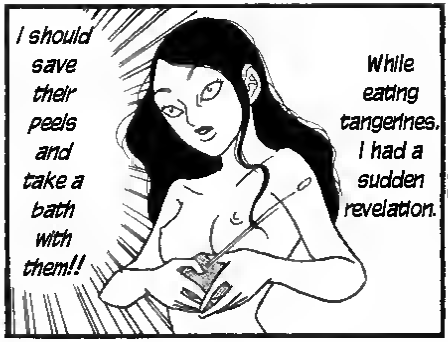


What are you crying for?
The "Oldies" inside of me have died tonight_

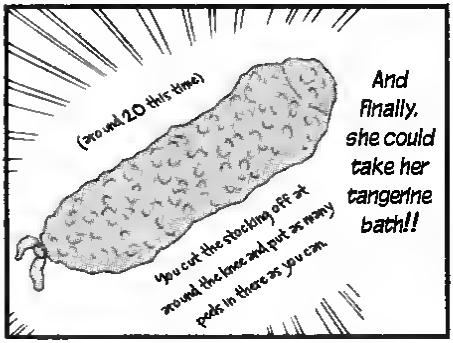


I don't do that though.
In today's society, nobody will worry about you, not even if you cut your wrist!!
confused
You can't stand up!? Stop lying, walk!!

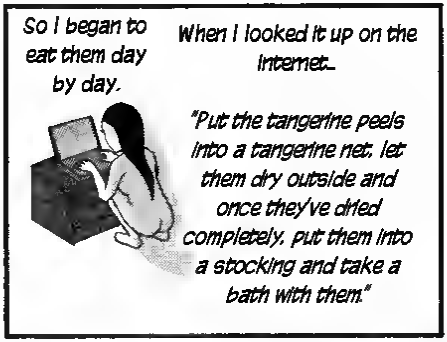
That was an expensive lesson...
That was what Ekoda-chan had learned.
"You cut the peel into small pieces and then hang it out to dry"



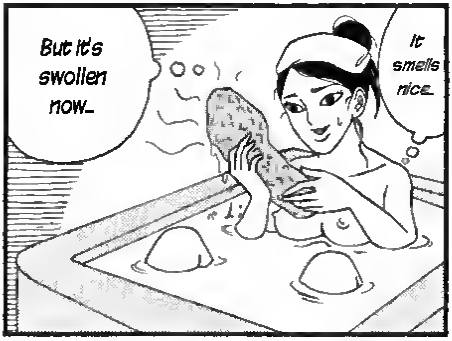
TL Note: bathing in tangerine peels is said to be healthy and make you more beautiful.

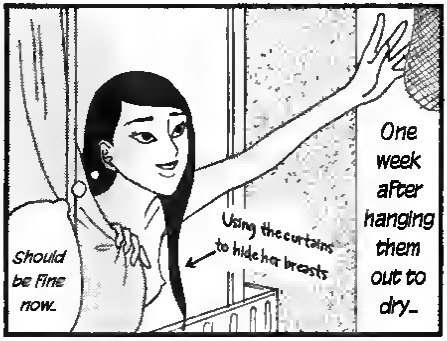


(and 2D this time)
You cut the stocking off at around the knee and put as many peels in there as you can.
And finally, she could take her tangerine bath!!

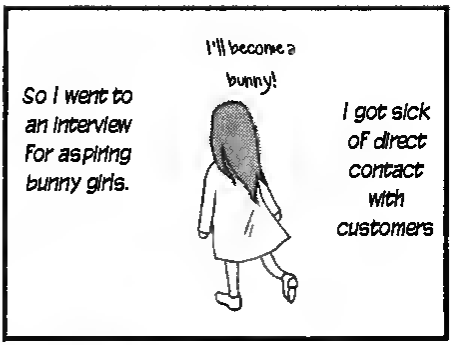


So I began to eat them day by day.
When I looked it up on the internet...
"Put the tangerine peels into a tangerine net, let them dry outside and once they've dried completely, put them into a stocking and take a bath with them."

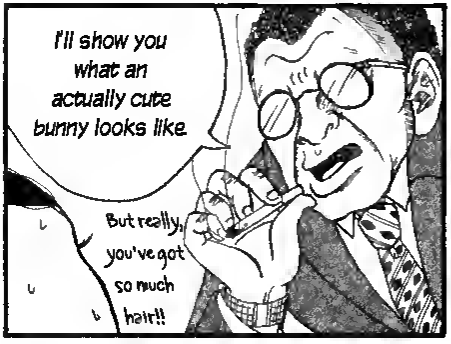




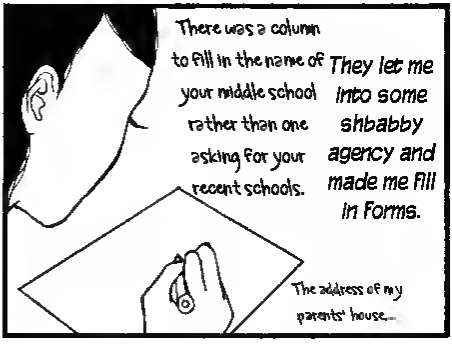
Hey, somebody call Jasmin!!
Really, you have so much hair...



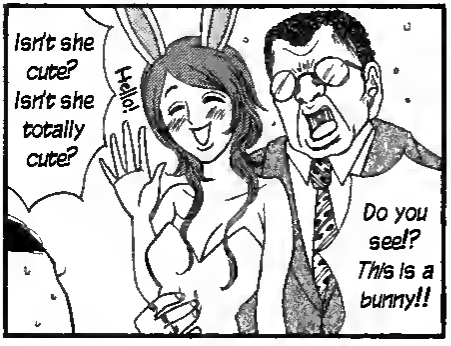
So I went to an interview for aspiring bunny girls.
I'll become a bunny!
I got sick of direct contact with customers



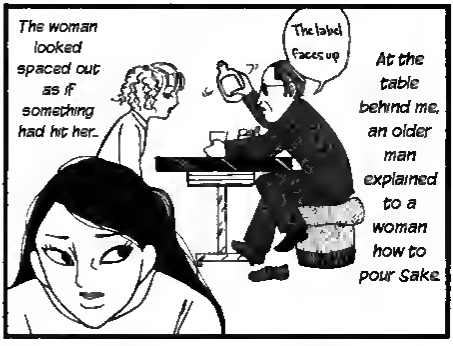
I'll show you what an actually cute bunny looks like.
But really, you've got so much hair!!



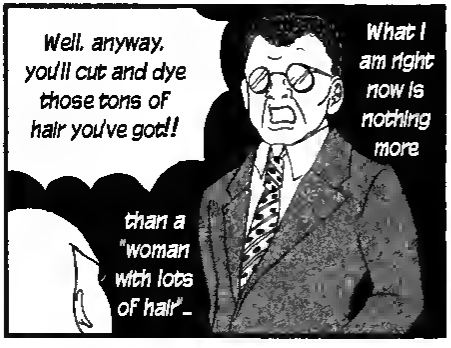
There was a column to fill in the name of your middle school rather than one asking for your recent schools.
They let me into some shibabby agency and made me fill in forms.
The address of my parents' house...



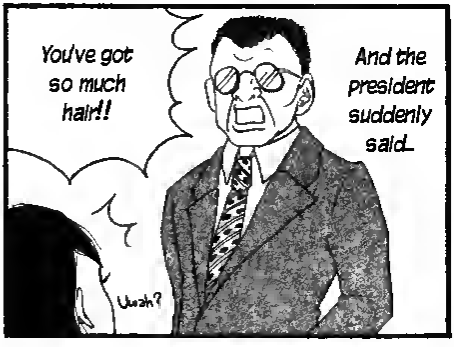
Isn't she cute? Isn't she totally cute?
Hello!
Do you see!? This is a bunny!!



The woman looked spaced out as if something had hit her...
The label faces up
At the table behind me, an older man explained to a woman how to pour Sake

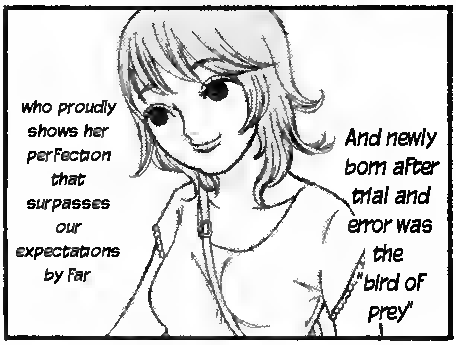


Well, anyway, you'll cut and dye those tons of hair you've got!!
What I am right now is nothing more
than a "woman with lots of hair"...

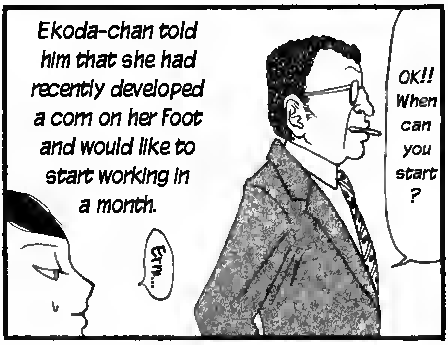


You've got so much hair!!
Uuuh?
And the president suddenly said...

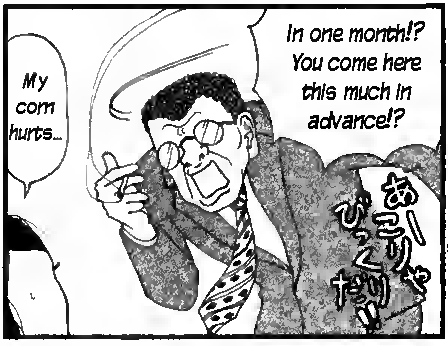
have died out after men manag...d to see through everything and find out about their actual characters.
The "cutesy girls" that had been around until a little while ago
This here is important



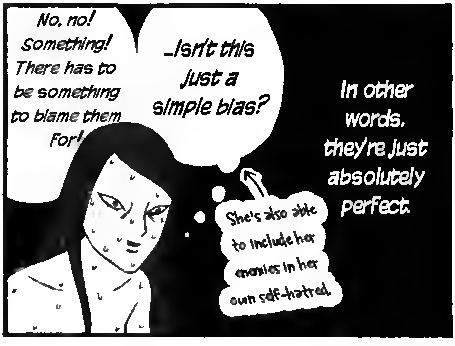
who proudly shows her perfection that surpasses our expectations by far
And newly born after trial and error was the "bird of prey"



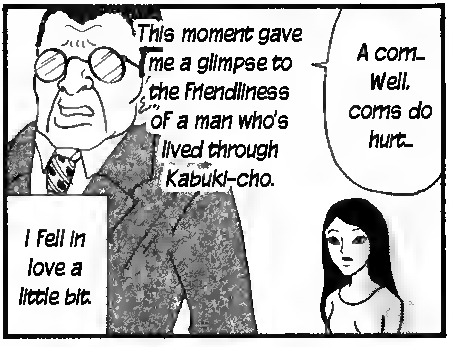
Ekoda-chan told him that she had recently developed a corn on her foot and would like to start working in a month.
Erm...
OK!! When can you start?



Geez, what a surprise!



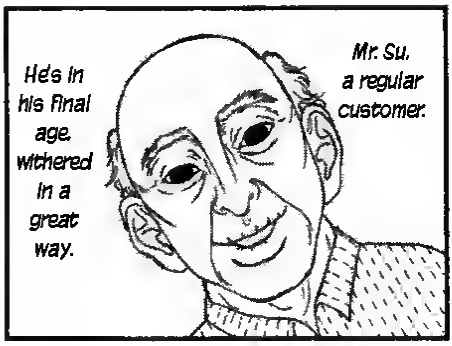
No, no! Something! There has to be something to blame them for!
...Isn't this just a simple bias?
She's also able to include her enemies in her own self-hatred.
In other words, they're just absolutely perfect.

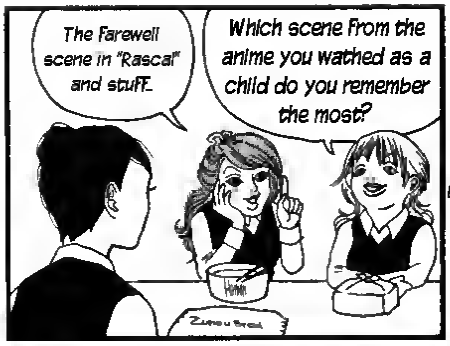


This moment gave me a glimpse to the friendliness of a man who's lived through Kabuki-cho.
A corn... Well, corns do hurt...
I fell in love a little bit.

Note: Kabuki-cho is that famous entertainment district in Shinjuku, Tokyo.

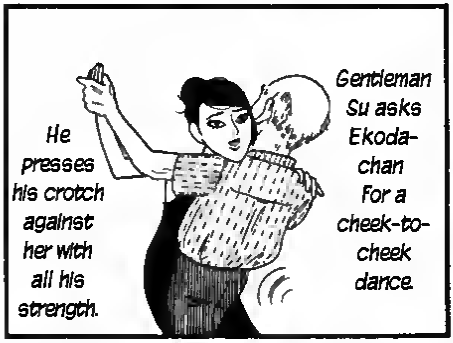
sand coat
Ekoda-chan
Idling around in her room.
There was white sesame on some cleaned plates and water bowls...
?
She keeps staring until letters lose their meanings.
"Ma"
What did I even use white sesame for..?
Bottle: Fully Flavored tea (mattari cha)
What's "Ma"!?
"Ma"
"Ma"
Ma
long..
It's kind of
Pupa of a fly
That's wrong. It's nothing like this.
It kind of feels like a tool you can hold like this..
MOOOM !!
I poured hot water on them and then threw them out of the window. I am sorry.

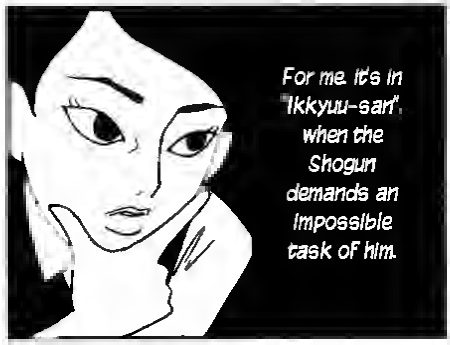


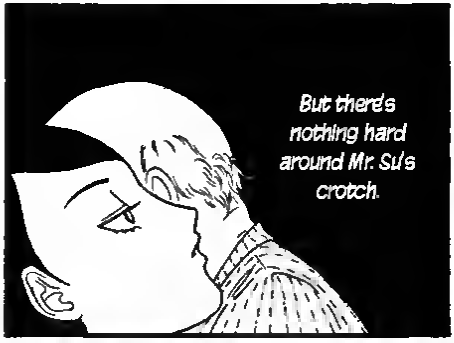


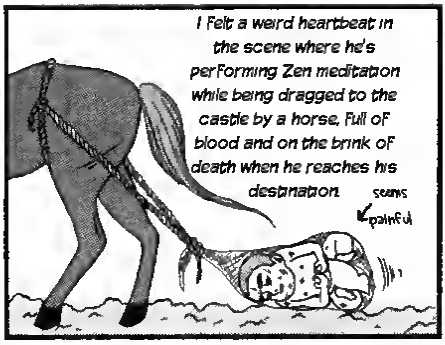
The Farewell scene in "Rascal" and stuff.
Which scene from the anime you watched as a child do you remember the most?
Zunou Bread

Note: Zunou Bread ("Brain Bread") is a kind of bread that supposedly makes you more intelligent.

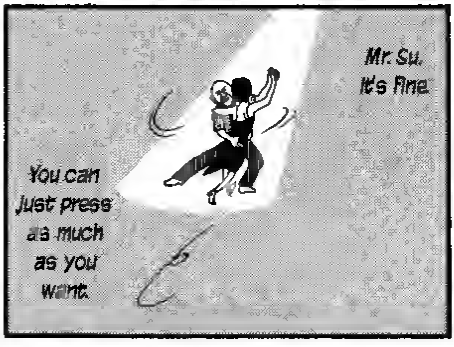


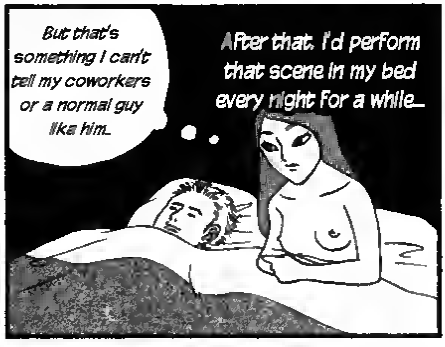




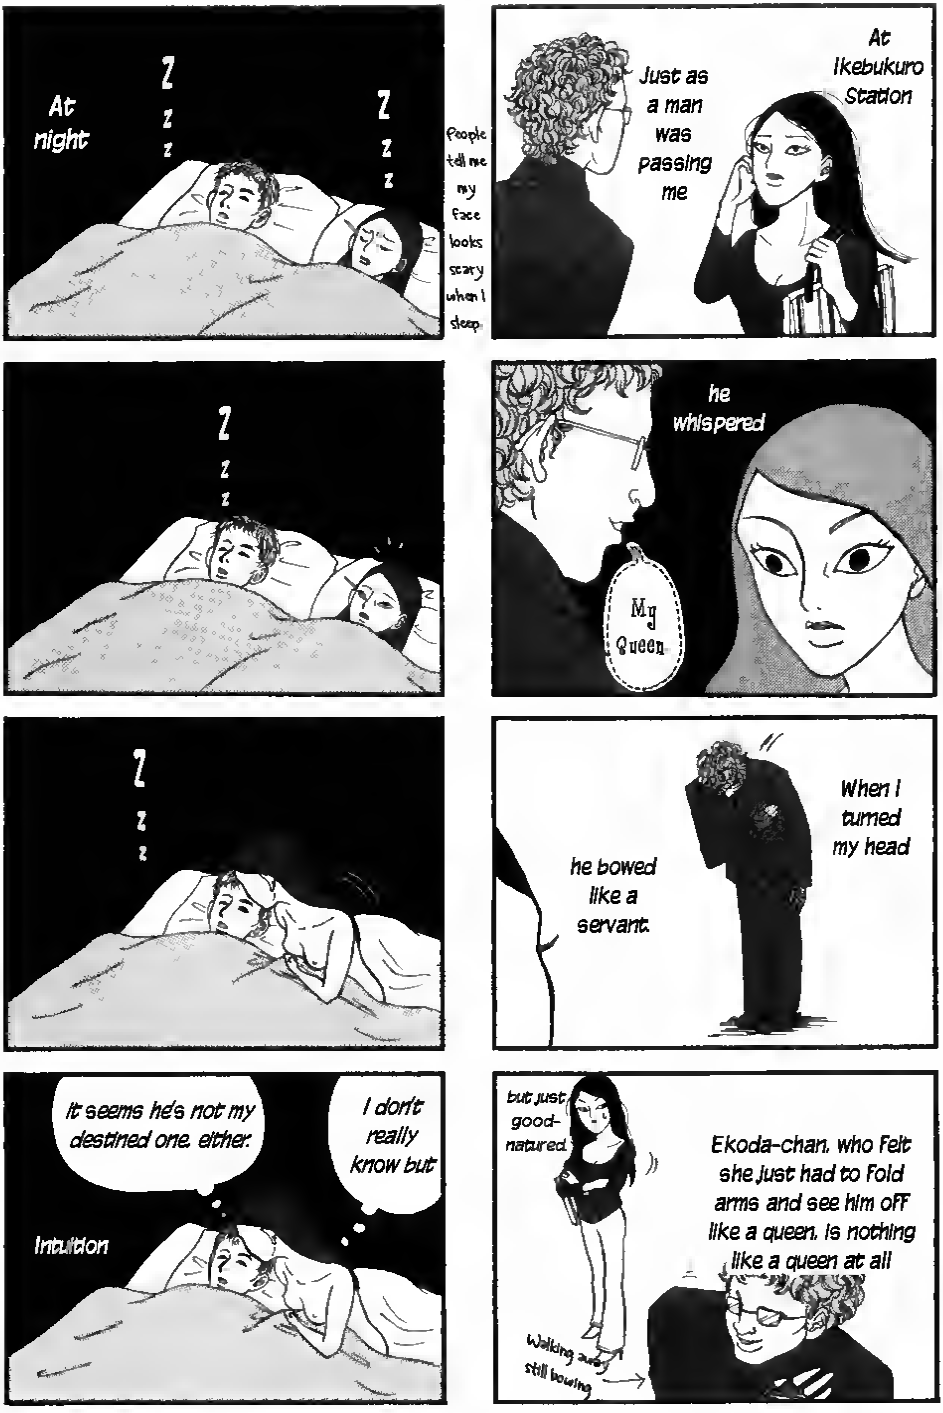


I felt a weird heartbeat in the scene where he's performing Zen meditation while being dragged to the castle by a horse. Full of blood and on the brink of death when he reaches his destination.
seems painful





But that's something I can't tell my coworkers or a normal guy like him.
After that, I'd perform that scene in my bed every night for a while...



At night
Z z z
Z z z
People tell me my face looks scary when I sleep.
At Ikebukuro Station
Just as a man was passing me
he whispered
My Queen
When I turned my head
he bowed like a servant.
but just good-natured
Ekoda-chan, who felt she just had to fold arms and see him off like a queen, is nothing like a queen at all
Walking away still bowing
I don't really know but
It seems he's not my destined one, either.
Intuition

[Frontispiece thoughts - No. 3]

The theme is "girls before they go to bed", but since it was the first serialized chapter, I put too much effort in it and it became some kind of incomprehensible background.

"It's morning!-Bird"

"Sleep!-Sheep"

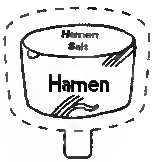
It doesn't even have ears...

(2) Things to eat

"Inflabonsoir"

- Ekoda-chan's beloved milk.
- The name comes from "Isoflavone" and the French "Bon soir".

(I am making up stories about my products. By the author)



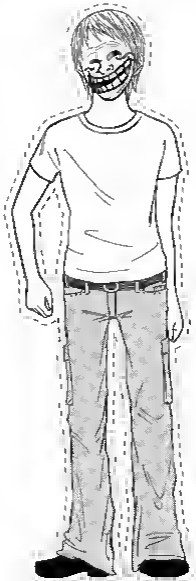
"Hamen"

- Ramen-style Harusame noodle soup.
- Targeted at female office workers interested in maintaining their health.
- The regular salty flavor became a big hit and they also made BIG, Super-spicy and Tonkotsu.

(I am making up stories about my prodcuts. By the author)

"Zunou Bread"

- Many office ladies eat it, just like Hamen. (This kind of bread actually exists.)



Rinshi!! Ekoda-chan
